HOUSE OF ORKNEY EDUCATION

TEACHER-LED ALTERNATIVE PROVISION IN NORTH TYNESIDE

Helping learners in Reception, KS1 & KS2, who need a different environment to thrive.

WHO WE ARE

House of Orkney Education provides calm, highly personalised alternative education for children who may not currently be thriving within a traditional classroom environment.

We start with the individual child: understanding what may be getting in the way of learning, identifying their strengths and starting points, and creating a programme that helps them experience success and make meaningful progress.

OUR PROVISION MAY BE PARTICULARLY SUITED TO LEARNERS EXPERIENCING:

- Anxiety around school or EBSA
- Reduced attendance or disengagement
- SEND or neurodivergent needs
- Low confidence or negative experiences of learning
- Gaps in emotional or developmental readiness to learn
- Gaps in the foundations needed to access age-related learning

A DIFFERENT APPROACH TO LEARNING

We look beyond what a child is finding difficult to understand why learning has become hard. Through relationships, assessment and observation, we identify strengths, barriers and gaps before creating an individual programme that helps each learner experience success and move forward.

SMALL BY DESIGN
Small groups, strong relationships and personalised support.

EMOTIONAL READINESS
Supporting regulation, confidence, communication and positive relationships with learning.

LITERACY & MATHS
Targeted teaching from the learner's individual starting point.

LEARNING THROUGH EXPERIENCE
Cooking, gardening, creativity, games, outdoor learning and real-life contexts.

LIFE SKILLS AND INDEPENDENCE
Building communication, organisation, problem-solving and everyday independence.

INTERESTS & ACHIEVEMENT
Using strengths and interests to re-engage learners, with opportunities to achieve AQA Unit Award Certificates.

SPRINGBOARD TO PRIMARY™

Our structured 12-week intervention for primary-aged learners who need additional support to strengthen the foundations needed to access learning.

ASSESSMENT-LED · INDIVIDUALISED · PLAY-BASED · EVIDENCE-INFORMED
